

Bijilo Beach, The Gambia

A DREAM HOME ON THE WATERFRONT

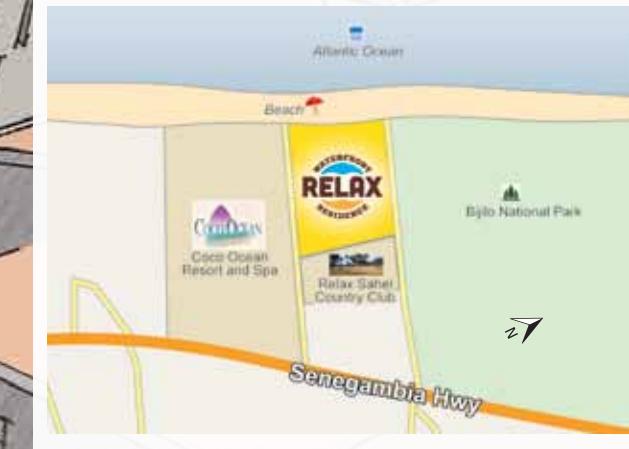

The Relax Waterfront project is a new beachfront residence development along Bijilo Beach, neighboring the renowned Coco Ocean hotel on one side, Bijilo Forest Park on other side and Relax Sahel Country Club on another.

Every unit of this exclusive luxury community faces a clear view of the beautiful Atlantic ocean and beach. Elegant gardens with mature trees and a courtyard with multilevel swimming pools and a large deck ties this one-of-a-kind development together.

www.relaxwaterfront.com

The residence community will be operated by a 24/7 management team made up of management and maintenance staff, security guards, gardeners, and swimming pool attendants. Other standard features include a stand-by generator, back-up water tanks with high capacity booster pumps, and fully paved parking areas for homeowners and visitors.
